

31 October – Remembering Lemuria with Lisa Williams

We are in a state of much change and growth (I am sure you feel it too). I have been guided to discover my connection to Lemuria; retrieve hidden treasures, wisdoms, and understand my own ‘why’.

This webinar will help you connect and discover your own soul’s journey by **remembering Lemuria**. Here are a few questions to help guide you to my webinar:

- Are you curious or interested in ancient civilisations such as Atlantis and Lemuria?
- Is there a calling to connect to your own existence in Lemuria?
- Do you feel that you are one of the ‘ancient ones’?
- Have you heard the language of light and felt a resonance with it?

Lemurian’s came to Earth from various solar systems to bring the Pure Light of Love - I will take you on a guided visualisation to help you remember your ‘own’ time in Lemuria; assisting you to connect with the innate intelligence of your ‘being’ as you reminisce. I channel ‘Sarai’ speaking language of light to help deepen and strengthen your connection.

Remembering Lemuria will assist you to tap into the **depths of your being that is longing to be realised and released**.

Lisa Williams - Lisa, also known as Lulu, mother and proud grandmother of three gorgeous girls. She has recently left a 15-year corporate career in order to move permanently in the area of ‘spiritual service’. Throughout her life she’s maintained a constant curiosity and enquiring mind. This has guided her well on her own spiritual journey and in her business endeavours. When Lisa was a little girl, her father called her “Lulu” – she didn’t understand at the time how important this ‘pet name’ would be in her future and her own business!

When Lisa began exploring ideas of working more with the spiritual realm, it was her father (in spirit) who gave the inspiration for her business name; Lulu. L.U.L.U is also an acronym for Live U, Love U as these fit well with her ‘life view’ and ‘philosophy’; Living well, living your best life and truly loving yourself fully.

Lulu is a clairvoyant/medium, Healer, and Past Life Regression practitioner. The call from ancient civilisations and the whispers of the Star Elders led her to find and understand her own soul’s connection to Lemuria. Having discovered the ability to speak language of light, Lulu channels a collective from Lemuria known as ‘Sarai’.

7 November - Channelling a Book with Kim Chamberlain

In this session we will jointly channel a small book as a group.

We’ll start with an introduction and general discussion, then Kim will offer a guided meditation. You will then each have the opportunity, one at a time, to connect with your guides and channel their wisdom on the topic of ‘Becoming all you are’.

We'll record the session, and afterwards Kim will collate this wisdom into a beautiful e-book, which can be shared with others.

If attending the session, it will be helpful if you have experience of channelling.

The session may be a catalyst for you to channel your own book later.

Kim Chamberlain – Kim has been involved in spirituality for over twenty years, and believes her main gift is that of providing and sharing information. She gives readings, and has channelled books, intuition cards, and rune stones.

Kim has always had a love of words and language and is the author of nine published books, four self-published books, and several e-books. Her latest e-book is called '*Beginner's Guide to Channeling a Book*', and she jointly runs the 'Channelled Writing' Facebook support page.

14 November – Touching Heaven with Jacqueline Mitchell

During this webinar, Jacqueline will discuss with you:

1. Why we incarnate and what is so special about a human life
2. Why our loved ones in Spirit want to connect with us
3. Why we continue after this life
4. Why we want to incarnate
5. What the other side is like from her perspective

Jacqueline loves to help with understanding, compassion and love from the Spirit realms directed back to the living. She considers it an honour and a privilege to work with grieving people to give peace, acceptance and love from beyond this realm.

Jacqueline Mitchell has worked actively with people for 14 years. She has two boys in their 20's and has spent her entire life with Spirit in her world. Her Great Grandmother taught her spiritual techniques, and how to protect herself from the Spirit realms which she was scared of as a young child, from the Spirit world. By the time she was 4 years old Spirit had taught her to see Auras which enabled her to see the truth of people in their beauty but also their confusion at life. This made her wonder why we forget as we come through the veil and incarnate, and so embarked her on two journeys. One to actively help people to work with Spirit themselves and to also work with reconnecting people with their loved ones.
