Saturday 27 June

9 – 11am

Pendulum Dowsing *with Anne*

We are connected to all things and not as separate as we appear. A pendulum can help you access intuitive knowledge you didn't know you had and knowledge you have hidden at a subconscious level (like where you left your car keys!). Your opportunity to train your pendulum and get it talking to you. Some discussion but a largely practical session, with lots of different fun exercises. Please bring a pendulum if you already have one

OR

Public Speaking/Church Addresses with the help of Spirit *with Barbara*

A practical workshop to help you to channel spirit and allow them to give information to others. In this workshop we will explore what constitutes a good address and how you can work with spirit to allow this to happen. This is an opportunity for you to experiment and learn different ways of working with your guides, allowing them to speak through you and bring through wisdom for others to hear.

11.30 – 1.30pm

Clearing houses, land, and negative energies *with Sue*

A stimulating talk about what goes on during house cleansings and other ‘ghost busting’ sessions. A unique insight into the stories around these phenomena. Sue has done over 100 clearings, and will share her methods, what the ‘other side’ does to assist, the reasons for and the love that sends them on. (free online booklet for participants)

OR

Clairvoyance *with Anne*

Are you wanting to be able to give messages to others from spirit? This is a interactive workshop where you will learn about the various ways that spirit communicates with us and the ethics and methods of sharing this information with others. Whether it is in a one-on-one situation as with a private reading, or in a group situation such as a Church service or clairvoyant evening, this information will help guide you to bring through clear information from spirit.

2.30 – 4.30pm

Intuitive Card Reading Class *with Amiee*

Curious about card reading but not sure where to start? This class is all about learning to trust your intuition and *have fun with it!*

✦ You’ll pick up simple tips for reading cards intuitively

✦ Practice with each other in a supportive, non-judgemental space

✦ Ask questions, share insights, and explore together

✦ Beginners welcome—no experience needed

✦ Give it a go if you’ve always wanted to try!

Think of it as a relaxed, welcoming circle where you can experiment, connect, and discover what the cards have to say. Come along, bring your curiosity, and let’s see what unfolds! *Please bring pen and paper and if you have your own deck please bring this along. Otherwise there will be some packs to borrow for the afternoon.*

OR

Psychometry *with Carolyn*

This is about reading the energy of an object through touch. You may get a sense of its history, or information about its owner. This works best with objects that one person has used over time, such as a piece of jewelry, a watch or a special charm etc

Come and join others, in a safe hands-on environment where we will be learning, then practicing the way psychometry can work. You may be surprised at how well you connect with Spirit.

Please bring a pen, paper and most importantly a small item from which we can practice reading from. Make sure the item you bring is yours, or you know about its history. That way you can confirm (or not) the information given is accurate.

Sunday – 28 June

9.30 – 11.30am

The Guides Circle of Learning *with Sue*

This workshop is an opportunity to try out your spiritual gifts with guided visualisations, spiritual exercises, working in pairs and being in a group energy. We all have spiritual abilities, this session will allow you to try out clairvoyance, clairsentience, and just knowing. After the guide will come through to answer any questions you may have about your journey, problems connecting and other spiritual issues. For all levels of development.

OR

Your Soul and Earth's Energies *with Barbara*

Learn how to connect with the energy of your soul and the energies on our earth plane. Both are connections you already have but perhaps you haven't got a conscious awareness of what they are and what they mean. Learn about the gold energy of joy that is being given freely to all on the earth plane so that we can raise our vibration and learn to live in peace and love.

Learn about –

- how energy connects us to all that is
- how we can use it to help us to move through our lives with ease and grace
- and how it helps us strengthen our connection to spirit energy.

12.30– 2.30pm

Open Circle *with Barbara and Sue*

An opportunity to experience sitting in a spiritual circle, enjoying a meditation, communicating with your guides and developing a stronger connection with the spirit realm. This circle is open to anyone whether you have sat in development circles before or not.

OR

Past Lives *with Anne*

We'll briefly discuss what evidence there is for having multiple lives before going into a past life meditation. On our return to the present, we will discuss what we found and how it might be affecting our current lives. Suitable for people that are comfortable in long meditations.

Meet the Mediums who will be presenting this week:

Amiee Stott - Amiee has been involved in Spiritualism for over 10 years, working on platform across the Wellington region and serving as a committee member of the Upper Hutt Spiritual Centre. She is currently studying with the Spiritualist National Union in the UK to deepen her knowledge and refine her mediumship practice.

Her journey began with cards, though at first she doubted she had any abilities. That changed one night when she turned over a card and information flowed in like never before—a moment that opened the bridge into Spiritualism and set her on a path she's followed ever since. Cards remain her greatest passion, and she loves sharing them with others, and encouraging others to explore their own intuitive gifts.

Anne Roughton – Anne's spiritual journey became serious around 26 years ago when Spirit kept her awake knocking on the walls at night. They stopped bothering her when she joined a spiritual development class. She only ever intended to be a healer but Spirit had other ideas. She is a practising platform medium and Registered Spiritual Healer. She has led spiritual development classes but now leads only Spiritual Healing classes and spiritual workshops – and she is still learning herself. She is on both the Upper Hutt Spiritualist Centre and Spiritualism NZ committees. She is passionate about empowering people to help and heal themselves.

Barbara Hand – Barbara didn't connect with spirit until she was in her 40's but always knew there was something more to life than what she was experiencing. She joined the Petone Spiritualist Church and developed her skills by attending circles and workshops. She has been a part of the National Body for Spiritualism in New Zealand since 2005. For the past 25 years she has, as a practising medium, run church services, workshops, circles, spiritual retreats and spiritual fairs as well as helping people through private readings. She enjoys working with spirit in many different ways and has a huge trust in them, allowing her to channel them and include their teachings in her everyday life.

Carolyn Choros - Carolyn has been interested in all things spiritual for over 40 years but only started working on her own spiritual development 12 years ago. Sitting in development circles, attending workshops, reading and talking with likeminded people, she is now at the stage where she has worked on platform in the Wellington region a few times. She runs her own circle and enjoys working with people, sharing her knowledge, particularly in the area of psychometry.

Sue Boyle - Sue has worked with Spirit for over 40 years as a channel for their wisdom words, healing and performing house cleansings and blessings. She moved to Upper Hutt and joined the spiritualist church, meeting like-minded people. She is now their Secretary, works on platform and as a reader and healer for the Oasis Healing Centre. The idea of bringing people together to support and empower them motivates her to be part of SNZ.
